Announce of New Business Location

Amada Malaysia has completed work on its newest TECHNICAL CENTER in Hicom-Glenmarie. The new premises features a larger space that houses an impressive array of Automated fabricating systems, plus a full complement of standalone machines and software solution.

AMADA stands at global position as a single-source provider for the manufacturing industry, our new Technical Center intended to be far more than mere exhibits. Our latest advances machine line-up works to offer the TOTAL SOLUTIONS for your rapid changing manufacturing needs through our cutting-edge technologies and accumulated know-how.

We would appreciate if you see that your records are updated to reflect the change of our address from 3 Dec 2021.
