

TURRET PUNCH MACHINE & TOOLING MAINTENANCE

WEBINAR

- Why Servo Type Turret Punching machine is preferred over Mechanical & Hydraulic drive?
- Are you concerned about your Turret Punching machine periodical maintenance?
- Are you aware of the Auto-Index station frequent issues in the Turret ?
- How frequent do you check your tooling condition, and do you know the consequences if you happen to ignore it?

24th February 2021
(Wednesday)

- Any private one-to-one demonstration at Amada Malaysia Kuala Lumpur Technical Center facility will be postponed to further notice, due to Movement Control Order (MCO).
