

It's time to explore The Maintenance Series,

"FIBER LASER MAINTENANCE" WEBINAR

- 
- What is the importance of maintenance and who are the responsible person in charge of ?
 - Are we aware about the machine alarm and what are the consequences if we neglect it ?
 - What is the main cause of cutting defect ?
 - How proper machine maintenance can preserve machine lifespan and ensure constant quality output ?

*"The most effective way to do it, is to do it".
- Amelia Earhart*

**03rd February 2021
(Wednesday)**

- Any of personalized one-to-one demonstration at our Amada Malaysia Kuala Lumpur Technical Center facility will be postponed due to Movement Control Order (MCO).

Amada Malaysia Webinar (Google Meet)

Discover the state art of Amada Fiber Laser Technology.

Join us now and register before 29 Jan 2021.

- Tel : +60(3)55696233 (Ms Sherene / Ms Ika)
- Fax : +60(3)55696211
- Email : Malaysia@amada.co.jp

Webinar Agenda :

10:20 am ~

- Online confirmation

10:30 am ~ 11:30 am

- Welcome Speech
- Seminar
- The Engineering of Amada Fiber Laser.
- Q&A
