

BLANKING AUTOMATION SOLUTION – DRIVING EFFICIENCY & PRODUCTIVITY IN BLANKING OPERATION

AUTOMATION : DO YOU REALLY NEED IT ?
Or are you already losing productivity without it ?

HOW MUCH PRODUCTIVITY ARE YOU LOSING?

- ? Waiting for operators to load material ?
- ? Stopping the machine to unload finished parts ?
- ? Running only when an operator is available ?
- ? Spending valuable manpower on repetitive material handling ?
- ? Leaving your expensive machine idle after working hours ?
- ? Considering automation, but unsure whether the investment is justified ?

THEN THIS WEBINAR IS FOR YOU.

WHY AUTOMATE ?

WHAT SHOULD YOU AUTOMATE ?

HOW DO YOU MAKE AUTOMATION PAY ?

Learn how Automatic Loading & Unloading can transform your Turret Punch & Fiber Laser into a more productive and less operator-dependent manufacturing process.

WEDNESDAY
30 SEPT 2026
(10:30 AM ~ 11:30 AM)

(Recommended to check-in our webinar Zoom link 10-15 mins earlier)
