

AMADA's Response to COVID-19 Circuit Breaker Measures

To All Our Valued Customers and Suppliers

In order to minimize further spread of COVID-19, the Singapore Government announced on 03 April 2020 that most workplaces, except for essential services and key economic sectors, will close from **07 April to 04 May 2020**.

Effective today, all Amada Singapore employees, except for those supporting customers in essential services, will work from home until further notice. For the limited number of employees who are not working from home, including staff who are seconded to customer sites, we will be implementing heightened precautionary measures to ensure safety of customers and our staff.

We will do our best to ensure any potential disruptions are minimal, and we seek your patience and kind understanding should there be some service delay during this period. Please be assured that we remain contactable via email and office contact numbers.

Should you require any further clarification or assistance, please contact us at this number: +65 67436334.

Stay Safe and Healthy.
