

# “The Next-Generation Global Bending Solution”

- Are you facing bending difficulty with high-mix, low-volume jobs ?
- Is your (bending) machine in constant idling mode ?
- Does your factory facing bending labour issue ?
- Does your machine productivity match with your expectations ?
- Your test bend process causes long lead time and material wastage ?
- Does the bending process affect the following process ? (welding / assembly).

Let us enlighten you with our special techniques & technology, featuring “The Premiere of HRB Press Brake”.

Webinar : 10:30 am ~ 11:30 am  
(27<sup>th</sup> Oct 20 - Tue)

One-To-One : Date & Time  
\*\* (KLTC Visit) \_\_\_\_\_

**Webinar Agenda :**

- 10:20 am ~
- Online Attendance
  - Re-confirmation
- 10:30 am ~ 11:30 am
- Welcome Speech
  - Seminar
  - New Engineering Solution Introduction
  - Q&A
